Subject: Technical Corrections to the FY 2018 Appropriations Act (17-H-5175)

The Budget Office has compared the budget articles contained in the FY 2018 Appropriations Act, as submitted to the Legislative Counsel, to the printed and on-line versions of H-5175 and, as a result of the comparison, we have identified a number of errors in the final version of the Act. Some of these were errors in our original version as submitted and some resulted from the drafting of the legislative version. The attached sheets lists the errors by article number.

We have identified numerous problems with Article 10 and thus will submit a stand-alone amendment to address that article.

If you have any questions regarding these technical corrections, please feel free to call me (222-6300) or Gregory Stack (222-2194).
