**Memorandum**

**To:** The Honorable Helio Melo  
Chairman, House Finance Committee  
  
The Honorable Daniel DaPonte *Thomas A. Mullaney*  
Chairman, Senate Finance Committee

**From:** Thomas A. Mullaney  
Executive Director/State Budget Officer

**Date:** March 12, 2012

**Subject:** Amendments to FY 2013 Appropriations Act (12-H-7323)

The Governor requests that several amendments be made to the FY 2013 Appropriations Act, which was submitted to the General Assembly on January 31, 2012. The amendments include changes to appropriation amounts in Article 1, Relating to Making Appropriations in Support of FY 2013, and Article 10, Relating to Making Revised Appropriations in Support of FY 2012. The recommended changes increase general revenue expenditures over the FY 2012 and FY 2013 periods by a net of \$712,149 and thus the ending balance in FY 2013 decreases from \$1,357,629, as projected in the Governor's original budget submission, to \$645,480.

If you have any questions regarding Article 1 or Article 10, please feel free to call me or my staff at 222-6300.

**ARTICLE 1, RELATING TO MAKING APPROPRIATIONS IN SUPPORT OF FY 2013**

**SECTION 1, APPROPRIATIONS IN SUPPORT OF FY 2013**

**Department of Administration**

Page 5, Line 6, insert after "North Central Airport," the following language "Newport-Middletown Airport, Block Island Airport, Quonset Airport, TF Green Airport,". The Governor's budget inadvertently omitted these airports from the list of airports eligible to receive impact aid based on the number of aircraft landings in 2012.

Decrease Miscellaneous Grants – General Program, Page 5, Line 12 by \$5,050 from \$276,838 to \$271,788. The Governor's FY 2013 budget reduced Community Service Grants funding by 25 percent statewide. At the time this calculation was made, the \$20,200 grant provided to the Rivers Council was not included in the total grant funding because it was still reflected on the grants list under the Water Resources Board. This agency was merged into the Department of Administration in the FY 2011 enacted budget, and although the funding related to this grant was moved to the Miscellaneous Grants account within DOA, the grants list was not updated to reflect the transfer. As a result, the funding associated with this grant was not included in the calculation of the statewide reduction.

**Department of Business Regulation**

Increase Federal Funds – Office of Health Insurance Commissioner, Page 7, Line 26 by \$21,301,114 from \$2,514,487 to \$23,815,601. The Governor's FY 2013 recommendation included salary and benefits turnover for the Office of the Health Commissioner's federal funds. Based on recent hires and in process recruitments, it is expected that all federally funded positions will be filled for all of FY 2013 and as a result, the Governor requests to increase funding to fully fund staffing costs. Also \$21,066,104 in contracting, operating, and capital expenses are added to implement the exchange establishment two grant.

**Secretary of State**

Increase Restricted Receipts – Office of Public Information, Page 11, Line inserted between Line 9 and 10 from \$0 to \$75,000. The new restricted receipts account is being created to support the State House Visitor's Center which was proposed after the Governor's FY 2013 recommendation. The restricted receipt account will be financed by sale of merchandise in the Visitor's Center. The funds will be utilized for staffing (\$35,000) and maintaining merchandise stock (\$40,000).

**General Treasurer**

Increase Restricted Receipts – Admin Expenses - State Retirement System, Page 11, Line 23 by \$163,000 from \$10,789,115 to \$10,952,115. The Governor's FY 2013 recommendation inadvertently eliminated \$163,000 in Disability Determination financing in the Retirement System's budget. The ERSRI requires three independent medical exams (IME) for individuals seeking disability pensions from the system for which these funds are used. The Governor's FY 2012 recommendation included disability determination financing in the amount of \$163,000, the same as the enacted.

#### **Department of Children, Youth & Families**

Decrease Federal Funds – Child Welfare, Page 14, Line 28 by \$323,171 from \$44,846,647 to \$44,523,476 and Increase Federal Funds- Stimulus – Child Welfare, Page 14, Insert after Line 29 by \$323,171 from \$0 to \$323,171. This change shifts funds for the Race to the Top grant from the federal funds line item to the federal funds- stimulus line item. There is no net change.

#### **Department of Health**

Increase General Revenues – Health Laboratories Program, Page 15, Line 24 by \$700,399 from \$5,599,964 to \$6,300,363. The Governor's recommended budget focused on reducing or eliminating lower priority programs, which included certain laboratory functions. As part of this proposal, the Governor wants a comprehensive review of laboratory services statewide with the goal of determining what services should be provided by state government and which ones are better provided by outside entities. In anticipation of this review, the Governor recommended reduced funding for certain laboratory functions in FY 2013, but concerns have been raised by agencies that utilize these services, such as the State Police, the Attorney General and the Public Defender. Until the review of laboratory functions is completed and the Governor is ready to make recommendations for reorganization of the laboratory, the Governor recommends restoring the funding and the FTE associated with the Breath Analysis/Evidence Control (\$153,941, 2.0 FTE) and the DNA Forensic Laboratory functions (\$546,458, 6.0 FTE).

Increase Federal Funds – Health Laboratories Program, Page 15, Line 26 by \$338,008 from \$1,370,528 to \$1,708,536. See explanation above.

Increase Federal Funds – Community and Family Health and Equity Program, Page 16, Line 6 by \$384,578 from \$44,036,172 to \$44,420,750. This amendment increases federal funds expenditures by \$652,386 in various accounts to allow the Department to add 7.0 FTE in understaffed Community and Family Health and Equity programs and shifts \$267,808 of Race to the Top expenditures from federal funds to federal funds - stimulus. ARRA funds are appropriated separately because of federal reporting requirements.

Increase Federal Funds – Stimulus - Community and Family Health and Equity Program, Page 16, Line 7 by \$319,269 from \$844,268 to 1,163,537. This amendment increases federal funds expenditures by \$51,461 in various accounts to allow the Department to add 7.0 FTE in understaffed Community and Family Health and Equity programs and shifts \$267,808 of Race to the Top expenditures from federal funds to federal funds - stimulus. ARRA funds are appropriated separately because of federal reporting requirements.

Increase Restricted Receipts – Community and Family Health and Equity, Page 16, Line 9 by \$20,000 from \$21,483,877 to \$21,503,877. This amendment increases restricted receipt expenditures by \$20,000 for a cancer screening program that is funded from private donations. A total grant of \$40,000 has been received and is being split over FY 2012 and FY 2013 to coincide with anticipated disbursements.

### **Department of Human Services**

Decrease Federal Funds - Elderly Affairs Program, Page 18, Line 9 by \$284,699 from \$18,028,865 to \$17,744,166. This decrease aligns federal funding for Medicaid-financed elder case management and home and community based services with the prevailing Federal Medical Assistance Percentage (FMAP) based on the recommended general revenue funding. The agency's budget request included incorrect matching amounts and this was not corrected as part of the Governor's original recommended budget.

Redirect Restricted Receipts – Elderly Affairs Program, in the amount of \$397,091 within the Elderly Affairs Program, Page 18, Line 10. This represents a zero-sum technical adjustment to move financing into the appropriate restricted receipt line sequence (account) within this program. As such, there is no change to the line item total.

### **Elementary and Secondary Education**

Decrease Federal Funds – Administration of the Comprehensive Education Strategy Program, Page 20, Line 23 by \$116,655 from \$191,123,178 to \$191,006,523. The Governor's FY 2013 recommendation inadvertently duplicated the financing of a federal grant titled PARCC Support under two different accounts. Account 4572138 contains the correct amount of funding, while account 2725194 should be zeroed out as it is no longer valid.

### **Public Higher Education**

Change fund source "Restricted Receipts" to "Other Funds" – Board of Governors/Office of Higher Education, Page 22, Line 24. Article 1 of the FY 2013 appropriations act listed the wrong fund source for the Tuition Savings Program under the Board of Governors for Higher Education program. This funding,

reflected under the RI Higher Education Assistance Authority in prior years, is considered "Other Funds" and not "Restricted Receipts".

### **Rhode Island Atomic Energy Commission**

Increase Federal Funds, Page 25, Line 2 by \$87,400 from \$180,216 to \$267,616. Federal Infrastructure grant awards will increase to fund contingency for cement repairs upon completion of a cement study per the Nuclear Regulatory Commission (NRC). This grant will increase from \$112,600 to \$200,000, or \$87,400.

### **Corrections**

Increase Other Funds – RICAP – Minimum Security Kitchen Expansion, Institutional Support Program, Page 27, Line 2, by \$3,700,000 from \$475,000 to \$4,175,000. The Governor's FY 2013 budget recommends expenditures of \$4,175,000 for this project, as opposed to the amount shown in the Appropriations Act of \$475,000. The correct amount is reflected in the Capital Budget document.

### **Judiciary**

Decrease General Revenue – Supreme Court, Page 27, Line 26 by \$27,179 from \$26,088,277 to \$26,061,098. The Governor's FY 2013 budget reduced Community Service Grants statewide by 25 percent. This amendment corrects the Supreme Court's general revenue appropriation for these grants to conform to the 25 percent statewide reduction. The original recommendation did not include a full 25 percent reduction from the FY 2012 enacted level.

Decrease General Revenue – District Court, Page 28, Line 18 by \$2,089 from \$11,493,967 to \$11,491,878. The Governor's FY 2013 budget reduced Community Service Grants by 25 percent statewide. This amendment corrects the District Court's general revenue appropriation for these grants to conform to the 25 percent statewide reduction. The original recommendation did not include a full 25 percent reduction from the FY 2012 enacted level.

### **Military Staff**

Decrease Federal Funds, Emergency Management Program, Page 29, Line 15 by \$60,888 from \$21,931,533 to \$21,870,645. The Governor's FY 2013 recommendation for the Cooperative Technical Partners Program federal grant should be \$20,000 in FY 2013, a decrease of \$60,888.

### **Office of the Public Defender**

Increase Federal Funds, Page 31, Line 3 by \$70,000 from \$439,300 to \$509,300. This increase reflects the expectation of new federal grant funding for the Adult Drug Court program, which will be used to continue funding one attorney position.

## SECTION 11, FTE POSITION AUTHORIZATION

### **Department of Business Regulation**

Increase FTE Position Authorization, Page 36, Line 9 by 1.0 FTE position from 94.0 to 95.0. This request increases the recommended FTE positions for the Department of Business Regulation from 94.0 to 95.0. The Governor requests an additional 1.0 FTE position for a Director of Consumer Protection/Education, which will be funded from a new federal grant received under the Affordable Care Act.

### **Department of Health**

Increase FTE Position Authorization, Page 36, Line 23 by 74.0 FTE from 423.3 to 497.3. This request increases the recommended FTE authorization for the Department of Health from 423.3 to 497.3. The Governor requests an additional 74.0 FTE positions for the following: 39.0 FTE to convert full-time ADIL contract employee positions to full-time state employee positions; 7.0 FTE for positions that were not budgeted in the original recommended budget, but for which federal funds are available; 20.0 FTE positions for new federal grant programs that the Department would apply for if FTE to staff the programs were available; and 8.0 FTE positions to restore two reductions in the Forensic Sciences Unit of the Health Laboratory Program. For the purpose of staff continuity the Governor recommends that the ADIL temporary employees be replaced with full-time, permanent staff. The Budget Office will provide the House and Senate Fiscal Staffs the database changes required for the 39.0 FTE positions when the database changes are completed by the Department and reviewed by the Budget Office during the next week.

### **Office of the Public Defender**

Increase FTE Position Authorization, Page 37, Line 20 by 1.0 FTE from 92.0 to 93.0. The Office of the Public Defender anticipates the receipt of additional federal funds for the Adult Drug Court program through the Judiciary (which intends to accept new Drug Court cases and will apply for a new Drug Court grant in mid-March), and requires the additional FTE to retain a current attorney to continue handling such cases.

## SECTION 15, BOND PREMIUM

Delete Section 15 and add to Article 10, Relating to Supplemental Appropriations. This section was inadvertently included in the Article 1. Because the bond

premium language applies to FY 2012 Appropriations, it should be included in Article 10.

~~SECTION 15. Notwithstanding any public laws to the contrary, of the \$12,553,566 bond premium received on the 2011 Series A general obligation bond issuance, \$6,553,566 shall be transferred from the Rhode Island Capital Plan Fund to the Information Technology Investment Fund established pursuant to § 42-11-2.5 and \$6,000,000 shall be transferred from the Rhode Island Capital Plan Fund to the general fund.~~

Change the numbering of Section 16 and Section 17 to Section 15 and Section 16, respectively

## **ARTICLE 10, RELATING TO MAKING REVISED APPROPRIATIONS IN SUPPORT OF FY 2012**

### **SECTION 1, REVISED APPROPRIATIONS IN SUPPORT OF FY 2012**

#### **Department of Administration**

Increase Federal Funds – Stimulus, Facilities Management Program, Page 171, Line 12 by \$500,000 from \$408 to \$500,408. The Governor recommends adding \$500,000 for a new federal grant received for state energy programs related to emerging renewable energy and energy efficiency technologies. This funding will finance costs related to replacing the exterior lighting of the State House.

#### **Department of Business Regulation**

Increase Federal Funds – Office of Health Insurance Commissioner Program, Page 175, Line 11 by \$2,627,729 from \$6,729,949 to \$9,357,678. The Governor recommends adding \$2,627,729 for a new federal grant received for establishing implementation of the Health Care Act of 2009.

#### **Department of Revenue**

Increase Federal Funds - Taxation Program, Page 177, Line 18 by \$14,788 from \$1,336,103 to \$1,350,891. The Governor recommends adding \$14,788 of federal funds for information technology improvements in the Employer Tax Section of Taxation.

Increase Restricted Receipts - Taxation Program, Page 177, Line 19 by \$10,342 from \$879,978 to \$890,330. The Governor recommends adding \$10,342 of restricted receipts for information technology improvements in the Employer Tax Section of Taxation.

Increase Other Funds – Temporary Disability Insurance - Taxation Program, Page 177, Line 22 by \$10,893 from \$972,944 to \$983,837. The Governor recommends

adding \$10,893 of other funds for information technology improvements in the Employer Tax Section of Taxation.

### **Secretary of State**

Increase General Revenue – Office of Public Information, Page 179, Line 2 by \$20,000 from \$339,751 to \$359,751. The Governor recommends the addition of \$20,000 in general revenue for the initial purchase of merchandise for the State House Visitor's Center. Sales from the merchandise will finance a restricted receipt account which will be utilized to pay Visitor's Center staff and maintain merchandise stock.

### **Department of Children, Youth & Families**

Decrease Federal Funds – Community Services - Child Welfare, Page 182, Line 29 by \$37,500 from \$3,929,838 to \$3,892,338 and Increase Federal Funds- Stimulus – Child Welfare, Page 182, Insert after Line 32 by \$37,500 from \$0 to \$37,500. This change shifts funds for the Race to the Top grant from the federal funds line item for Community Services to the federal funds- stimulus line item. There is no net change.

### **Department of Health**

Increase Federal Funds – Public Health Information Program, Page 184, Line 3 by \$124,476 from \$845,671 to \$970,147. This amendment increases federal funds expenditures by \$124,476 for a Behavior Risk Factor Survey program due to a new federal grant award.

Decrease Federal Funds – Community and Family Health and Equity Program, Page 184, Line 10 by \$27,410 from \$44,543,044 to \$44,515,634. This amendment increases federal funds expenditures by \$163,101 in various accounts to allow the Department to add 7.0 FTE in understaffed Community and Family Health and Equity programs and shifts \$190,511 of Race to the Top expenditures from federal funds to federal funds - stimulus. ARRA funds are appropriated separately because of federal reporting requirements.

Increase Federal Funds – Stimulus - Community and Family Health and Equity Program, Page 184, Line 11 by \$203,377 from \$6,206,815 to \$6,410,192. This amendment increases federal funds expenditures by \$12,866 in various accounts to allow the Department to add 7.0 FTE in understaffed Community and Family Health and Equity programs and shifts \$190,511 of Race to the Top expenditures from federal funds to federal funds - stimulus. ARRA funds are appropriated separately because of federal reporting requirements.

Increase Restricted Receipts – Community and Family Health and Equity Program, Page 184, Line 13 by \$20,000 from \$20,386,749 to \$20,406,749. This amendment

increases restricted receipt expenditures by \$20,000 for a cancer screening program that is funded from private donations. A total grant of \$40,000 has been received and is being split over FY 2012 and FY 2013 to coincide with anticipated disbursements.

### **Department of Human Services**

Increase Federal Funds - Individual and Family Support Program, Page 185, Line 6 by \$500,000 from \$98,196,420 to \$98,696,420. This increase recognizes additional federal resources available to the Office of Rehabilitation Services (ORS) from the federal Social Security Administration (SSA). ORS periodically receives rewards from SSA for successfully placing persons with disabilities in gainful employment. This financing is subsequently utilized in support of ORS programmatic activities pursuant to Title I of the Vocational Rehabilitation Act of 1973.

Decrease Federal Funds - Elderly Affairs Program, Page 187, Line 6 by \$120,579 from \$19,559,375 to \$19,438,796. This decrease aligns federal funding for Medicaid-financed elder case management services with the prevailing Federal Medical Assistance Percentage (FMAP), based on the general revenue level of funding. The agency's budget request included incorrect matching amounts and this was not corrected as part of the Governor's original recommended budget.

Redirect Restricted Receipts in the amount of \$397,091 within the Elderly Affairs Program, Page 187, Line 7. This represents a zero-sum technical adjustment to move financing into the appropriate restricted receipt line sequence (account) within this program. As such, there is no change to the line item total.

### **Elementary and Secondary Education**

Decrease Federal Funds – Administration of the Comprehensive Education Strategy, Page 189, Line 24 by \$76,265 from \$190,876,316 to \$190,800,051. The Governor's FY 2012 supplemental recommendation inadvertently duplicated the financing of a federal grant titled PARCC Support under two accounts. Account 4572138 contains the correct amount of funding of \$106,265, while account 2725194 should be zeroed out as it is no longer valid. Secondly, an increase of \$30,000 for the Even Start federal program is needed after a payment to a vendor (TriTown) that was budgeted in FY 2011 was not posted until FY 2012, and thus unexpended grant funds carried over to this fiscal year.

Increase Federal Funds – Stimulus – Administration of the Comprehensive Education Strategy, Page 189, Line 25 by \$17,136 from \$25,932,285 to \$25,949,421. This amendment adjusts the Governor's FY 2012 supplemental recommendation to include unspent funds from FY 2011 based on further review by the Department of Elementary and Secondary Education, subsequent to submission of the Governor's budget.

### **Public Higher Education**

Increase General Revenue – State Crime Lab – University of Rhode Island, Page 192, Line 6 by \$26,068 from \$846,885 to \$872,953. This adjustment funds a shortfall in the State Crime Lab budget due to a FY 2011 payment being shifted into FY 2012.

Change General Revenue – Debt Service – University of Rhode Island, Page 192, Line 7 by \$6,000,000 from \$10,095,746 to \$16,095,746. This amendment corrects a typographic error in the Appropriations Act. The amounts shown in the budget documents for the University of Rhode Island debt service are correct.

Change Total - University of Rhode Island enacted, Page 192, Line 32 by \$6,462 from \$692,636,849 to \$692,643,311. This amendment corrects a typographic error in the Appropriations Act. The amounts shown in the budget documents for the University of Rhode Island are correct.

Change Grand Total – Public Higher Education enacted, Page 194, Line 13 by \$6,462 from \$996,838,380 to \$996,844,842. This amendment corrects a typographic error in the Appropriations Act. The amounts shown in the budget documents for the University of Rhode Island are correct.

### **RI Higher Education Assistance Authority**

The enacted budget for the RI Higher Education Assistance Authority displayed two separate line items, Needs Based Grants and Administration, under the Tuition Savings Program. The Governor's recommended supplemental budget incorrectly merged these two line items into one. This amendment requests that this be corrected by reducing funding in the one line item and inserting a new line to restore the second line item for this program. The actions required are as follows:

Decrease Other Funds – Tuition Savings Program – Needs Based Grants, Page 195, line 6. The enacted column should be decreased from \$7,990,720 to \$7,250,000. The change column should be increased from \$983,453 to \$1,091,000. The revised column should be decreased from \$8,974,173 to \$8,341,000.

Insert Other Funds – Tuition Savings Program – Administration, Page 197, After Line 6. The enacted column should reflect funding of \$740,720. The change column should reflect a decrease of (\$107,547). The revised column should reflect new total funding of \$633,173.

### **Attorney General**

Increase Federal Funds- Bureau of Criminal Investigation, Page 196, Line 5 by \$25,000 from \$66,230 to \$91,230. This amendment adds \$25,000 for the NCHIP

grant. A new Livescan station will be acquired with these funds to help the BCI unit to keep up with the walk-in demands for fingerprint checks.

### **Military Staff**

Increase Federal Funds - Emergency Management Program, Page 199, Line 18 by \$60,888 from \$31,189,658 to \$31,250,546. This amendment adds \$60,888 of federal funds in FY 2012 to reflect the correct amount of funding in the Appropriations Act for the Cooperative Technical Partners Program.

### **Department of Public Safety**

Increase Federal Funds – Stimulus Grants – Central Management, Page 199, Line 28, from \$264,678 to \$447,321. This amendment increases the Stimulus- Violence Against Women grant by \$125,643, and Stimulus – Crime Victim’s Assistance Grant by \$57,000 to reflect expected awards to be utilized in FY 2012.

Increase Federal Funds – Fire Marshall’s Office – Page 200, line 4, from \$764,651 to \$790,651. This amendment reflects a recent award for State Fire Training Systems. The program receives annual awards from the federal government for various training initiatives.

### **Office of the Public Defender**

Increase Federal Funds, Page 201, Line 14 by \$30,000 from \$487,671 to \$517,671. This amendment increases federal funds expenditures by \$30,000 for the Adult Drug Court program.

### **Environmental Management**

Increase Other Funds – DOT Recreational Projects – Natural Resources Program, Page 201, Line 29 by \$396,551 from \$35,121 to \$431,672. This amendment reflects additional funds provided by the RIDOT ISTEA fund for the maintenance of state trails, purchases of equipment and materials, and funding for materials for local communities to maintain state trails.

Increase Federal Funds – Environmental Protection Program, Page 202, Line 11 by \$42,300 from \$12,994,867 to \$13,037,167. This amendment increases federal funds in the Underground Injection Control account. This increase is associated with unexpended balance forward funds from FY 2011, which will be made available in FY 2012 to support the Underground Injection Control program.

### **Transportation**

Increase Restricted Receipts, Infrastructure Engineering – GARVEE/Motor Fuel Tax Bonds Program, Page 203, Line 15 by \$1,700,000 from \$998,891 to

\$2,698,891. This amendment increases restricted receipt funding for Third Parties payments from \$998,891 to \$2,698,891 in FY 2012 due to increased activity in the account.

#### SECTION 4, FTE POSITION AUTHORIZATION

##### **Department of Health**

Increase FTE Position Authorization, Page 206, Line 11 by 31.0 FTE from 422.3 to 453.3. This amendment increases the recommended FTE positions from the 422.3 requested in the FY 2012 Supplemental Article to 453.3. The Governor recommends an additional 31.0 FTE positions above the department's revised FTE authorization of 422.3 in the current year. This includes 7.0 FTE positions that were funded but not included in the recommended supplemental budget, but for which federal funds are now available; 20.0 FTE positions for new federal grant programs that the Department would apply for if FTE to staff the programs were available; and 4.0 FTE positions for insufficient positions in FY 2012 based upon the current staffing patterns based on positions waiting to be filled.

##### **Office of the Public Defender**

Increase FTE Position Authorization, Page 207, Line 9 by 1.0 FTE from 91.0 to 92.0. The Office of the Public Defender anticipates the receipt of additional federal funds for the Adult Drug Court program through the Judiciary (which intends to accept new Drug Court cases and will apply for a new Drug Court grant in mid-March), and requires the additional FTE to retain a current attorney to continue handling such cases.

Insert after SECTION 4 the following new section:

SECTION 5. Notwithstanding any public laws to the contrary, of the \$12,553,566 bond premium received on the 2011 Series A general obligation bond issuance, \$6,553,566 shall be transferred from the Rhode Island Capital Plan Fund to the Information Technology Investment Fund established pursuant to § 42-11-2.5 and \$6,000,000 shall be transferred from the Rhode Island Capital Plan Fund to the general fund.

Renumber the current "SECTION 5" to "SECTION 6."
