Statutory History

In order to effectuate the permanent establishment of the Board of Education to achieve the goals articulated by the preamble of Rhode Island Public Law 2012, Chapter 241, Article 4, Section 3, effective July 1, 2014, the Rhode Island Board of Education was reorganized into two councils: the Council on Elementary and Secondary Education and the Council on Postsecondary Education. Each of these councils was the successor to the previous Board of Regents and the Board of Governors for Higher Education (the "Board of Governors") respectively. The Council on Postsecondary Education, as successor to the Board of Governors, has assumed all of the powers, rights, duties, and privileges previously vested in the Board of Governors for Higher Education, including legal title (in trust for the State) to all real and personal property owned by and/or under the control or in the custody of the Board of Governors and the Board of Regents, which have now ceased to exist. Article 20 of the 2015 Appropriations Act (Ch 145 of the Public Laws of 2014) also established the Office of the Postsecondary Commissioner effective July 1, 2014. Program Description

Rhode Island College is the State's comprehensive public institution of higher education. Its primary mission is to make its academic programs available to any qualified resident of Rhode Island who can benefit from its educational services. The College offers programs of study in an array of disciplines traditionally considered as the liberal arts, including humanities, social sciences, sciences, and fine arts, as well as a broad array of professional offerings in the health and helping professions, education, management, and technology. Selected curricula are offered at the graduate level within the liberal arts and in applied and practitioner oriented fields within the service sector. Liberal education refers to learning opportunities designed to ensure that students have a breadth of educational experiences, which foster the development of insights and multiple perspectives on ideas, issues, and events, as well as an appreciation of the interconnectedness of fields of knowledge, and the value dimensions of the human condition.
