State of Rhode Island and Providence Plantations Fiscal Year 2019 Budget

Volume II – Health and Human Services Gina M. Raimondo, Governor

Agency Summary

DEPARTMENT OF BEHAVIORAL HEALTHCARE, DEVELOPMENTAL DISABILITIES AND HOSPITALS

Agency Mission

The mission of the Department of Behavioral Healthcare, Developmental Disabilities and Hospitals (BHDDH) is to administer and coordinate a comprehensive system of care for Rhode Island citizens with varying abilities (i.e. mental illness, physical illness, developmental disability) and with substance use disorders or addiction and to organize and administer a coordinated system of mental health promotion and substance abuse prevention.

Agency Description

BHDDH accomplishes it's mission under its statutory responsibilities to design, develop, administer, and coordinate within its legislated, annual budget. The mission is carried out through a contracted, community-based service delivery system with the exceptions of direct services provided through the Eleanor Slater Hospital and RI Community Living and Supports (RICLAS).

In the last fiscal year, BHDDH serviced 68 licensed agencies and delivered services to more than 50,000 individuals within three priority populations: developmental disabilities; behavioral healthcare (mental illness and substance abuse); and hospital level of care for chronic illness. The bulk of these services are offered through contracted and BHDDH-licensed programs. Direct services to BHDDH consumers are offered through the Eleanor Slater Hospital, a Joint Commission accredited hospital, and through RICLAS within Developmental Disabilities. Typical BHDDH programs and services include individualized support plans for day, residential or family support services for individuals with developmental disabilities, individualized treatment and recovery plans, housing, vocational programs, inpatient treatment for mental health, inpatient treatment for substance abuse, outpatient treatment for mental health, outpatient treatment for substance abuse, inpatient psychiatric forensic services, hospital level care for physical illness, and prevention services for substance abuse.

In order to fulfill its mission, the Department is organized to provide services to distinct priority populations of consumers who represent the most vulnerable citizens of Rhode Island. The Director of BHDDH provides leadership, overall policy direction, resource management, and guidance for the Department in pursuit of its mission.

Statutory History

R.I.G.L. 42-12.1-1 et.seq, established the organization and functions of the Department. The Department's statutory functions are identified as Mental Health, Mental Retardation and Developmental Disabilities, Curative and Forensic Services, and Substance Abuse Services under R.I.G.L 40.1-1-1 et.seq. A number of other functions are also assigned by statute.

Overtime Expenditures

Rhode Island Community Living and Supports (RICLAS) facilities and Eleanor Slater Hospital (ESH) provide 24 hour, 7 day a week client and patient care. BHDDH employees may work additional hours over the regular schedule because of staff absences (e.g., illness, vacation, worker's compensation); longer-term position vacancies; and instances when clients' safety requires clinical staffing and/or one-to-one staffing. Description

The Director provides leadership, overall policy direction, resource management, and guidance for the Department in pursuit of its mission. BHDDH is organized into two major functional components-the administration of behavioral health and developmental disability services provided by privately-operated agencies and the administration of publicly-operated agencies, 24/7 operations of Eleanor Slater Hospital and RICLAS. The administration of privately-operated agency services is organized in three functional components: Clinical Services, Program Services and Contracts and Logistics. These functional components manage, coordinate, and support services to individuals with developmental disabilities, those suffering from mental illness and substance use disorders, as well as support the promotion of mental health and substance use prevention activities.

The Office of the Director performs the functions of Departmental administration, legislative affairs, constituent affairs, community and provider involvement, advocacy outreach, policy administration, hospital appeals, strategic planning, and promotion of the department's mission through public education and various communication strategies. The Office of the Director supports the entire Department by providing: licensing of all programs, coordination and management of initiatives and projects that cross all Departmental program and operational units, emergency management, performance improvement, and funds development, and planning and overseeing of construction/renovation for buildings which support departmental functions.

Statutory History

Rhode Island General Laws 42-12.1-1 et seq. established the organization and functions of the Department. The Department's statutory functions are identified as behavioral healthcare, hospitals and community rehabilitation services, developmental disabilities, and management services under R.I.G.L. 40.1-1-4 et seq.
