

**Form 1511 – Project List – American Recovery and Reinvestment Act**

| Agency | Project Name           | Project Description  | Communities Served                         | Total Project Cost | ARRA Funded Project Cost |
|--------|------------------------|--|--|--------------------|--------------------------|
| DCYF   | New Hope Diner Project | To construct a woodworking shop on the grounds of the RITS's new facility. The new Youth Development Center was not constructed with a woodworking shop to store the extensive collection of woodworking equipment and materials. The woodworking shop would provide an indoor shelter to protect the diner we are working on from the harsh New England weather. Funds will allow us to build this structure and to expand the project's scope by exposing selected youth (ages 16-20) in juvenile corrections to more comprehensive and year round work space for this population to continue their vocational skills training and preserve the RITS's history of providing vocational training. | Youthful Offenders through the State of RI | \$214,880          | \$214,880                |
