Small Business Impact Analysis

Regulatory Oversight

As part of the Office of Management and Budget, the Office of Regulatory Reform's (ORR) mission is to review new and amended regulations with a focus on minimizing adverse impacts on Rhode Island businesses, large and small. Since February 2015, ORR has been operating under <u>Executive Order 15-07</u>, which requires all Executive Branch regulations to be reviewed by ORR using a model similar to the federal regulatory model. EO 15-07 outlines a process to ensure regulations are not imposing unnecessary burdens on businesses and citizens.

Prior to EO 15-07 the Director of Regulatory Reform had the authority to intervene on any individual regulatory or permitting issue. With the new process dictated by Executive Order agencies must submit all of their proposed regulatory actions to ORR providing a systematic way to address regulatory issues. ORR reviews an agency's regulatory package, and if approved, those proposed rules and impact statements go through a public comment process. Any input from that process goes directly back to ORR for final consideration. Below is an outline of the ORR's role in the regulatory review process. The second round of review is primarily to ensure the agencies take into consideration public comments and amend the regulation as necessary.

Regulatory Submissions Reviewed By ORR

The following regulatory submissions were cleared by ORR during the fiscal year quarter covered by this report. Regulations cleared by ORR are not immediately effective, regulations must go through the formal rulemaking process administered by the Secretary of State's Office (SOS). In some cases regulations cleared by ORR are not filed with SOS.

The information in this table (except "Days Under Review" and "Clearance Date") is self-reported by regulatory agencies with their submissions, although ORR can suggest changes to agency's submissions. Please note that for any post-comment entries with empty cells, the agency was not required to resubmit this information because the regulation received no public comment and no changes were made to the proposed regulation. Emergency regulations might also have missing data because these submissions are exempt from some reporting requirements.

Direct Final	Human Services	Child Care Assistance Program Rules and Regulations	Amendment	8	To finalize the current Emergency Rule, to fulfill the requirements of the Federal Re-Authorization, as well as reflect the RI State Plan for Child Care, and to remove non- policy content per the RICR formatting requirements. Also, wording and terminology has been updated or added to provide clarification of the program expectations regarding providers. Changes have been implemented in order to increase grace periods for the homeless population and for parents who experience temporary loss of employment. Minor changes have been made to keep in line with the October, 2017 updates and to align with current licensing regulations. Direct Final	Environmental Management	R.I. Hunting and Trapping Regulations for the 2019 - 2020 and 2020 - 2021 Seasons	Amendment	0	The Rhode Island Hunting and Trapping Regulations for the 2019- 2020 and 2020-2021 seasons went out for public hearing May 6th, 2019 and were filed July 11th, 2019. It has come to our attention that there is a critical error in the season dates outlined in section 9.11 B.3.a regarding the late Canada goose season. As it currently reads the late Canada goose season starts the last Saturday in January (January 25th, 2020) and extends 15 days, inclusive of the Saturday opening day (February 8th, 2020). These dates overlap with the dates outlined in section 9.11 B.2.a which refer to the regular Canada goose season. Preliminary Draft	Business Regulation	Motor Vehicle Body and Salvage Vehicle Repair	Amendment	11	Several sections in 230-RICR-30-5-2, Motor Vehicle Body and Salvage Vehicle Repair, needed modernization and updating. It was necessary to add language addressing businesses operating paintless dent repair facilities and businesses that desired to only repair motorcycles. The section addressing insurance requested re- inspection of vehicles after repair also needed amending to align procedures with modern business and industry practices. Changes were also instituted to the timeline for prohibition on use of aftermarket parts in accordance with changes in the law. Additionally, several changes minor edits were made to grammar for the licensee's ease of use and to citations in accordance with RICR styles.	NO, any small business impact is POSITIVE	2019-08-05

Preliminary Draft	Business Regulation	Real Estate Brokers and Salespersons	Amendment	8	The Department received a request for rulemaking from the Rhode Island Association of Realtors regarding the confusing and repetitive language in § 2.21(F), (G) and (H). In particular, paragraph (H) included a penalty that was not imposed and sometimes would be in excess of the statutory maximum set forth in R.I. Gen. Laws § 5-20.5- 14(b). After review with the Real Estate Commission and Division staff, we proposed these amendments to streamline and clarify the notice requirements for a real estate licensee that may have an interest in a particular transaction. While reviewing the regulation, we made some additional clean up edits and are changing the renewal cycle process to avoid a backlog of licensees all renewing at the same time. Preliminary Draft	Administration	IRS Publication 1075 – Background Check Process and Criteria	Adoption	27	The reason for promulgation is to comply with IRS Publication 1075, which requires a national background check with individuals with access to "Federal Tax Information," as defined by the IRS. The State (Taxation and Child Support Enforcement) is facing IRS audit findings for failing to implement the background check requirements. As a worse case scenario, continued audit findings and failure to implement IRS requirements could result in the IRS shutting off access to crucial information that the State uses to collect significant revenue. Article 3, Sections 5-7, of the Governor's Budget, enact R.I. Gen Laws § 36-3- 16 and § 37-2-81, which expressly authorizes these background checks and the promulgation of regulations.
